

## PROCESS DEVELOPMENT PARTNER IN THE MIDWEST

### Design & Development

Our goal is to optimize design and product implementation so our client's projects are successful.

### Engineering & Technical

Early design collaboration along with our knowledge & experience provides effective manufacturing solutions.

### Production Launch & Rollout

Our experienced manufacturing lineup provides quality products through the best manufacturing practices.

#### Louisville Lamp - Custom Lighting Assembler, Standard Products & Metal Fabrication

From prototype to production, Louisville Lamp has successfully served the POP/Display market for over 25 years with innovative and cost effective lighting solutions.

- LED / LCD Panels
- Locations In United States, Taiwan & China
- Integrated Custom Assemblies
- Design / Development Assistance

#### General Plastics - State of the Art Thermoforming Partner

General Plastics provides innovative thermoforming solutions through their state-of-the-art facility. Materials range from commodity to engineering resins to specific plastic alloys.

- Sizes to 72" x 120" x 40" T
- ISO 9001:2015 & ISO 14001:2015 Certified
- Dedicated Assembly Facility
- Engineering & Commodity Grade Materials

#### Anpec Industries - Cutting-Edge CNC Machining Services

Leading CNC machined parts manufacturer providing high quality parts requiring intricate features and precise specifications to any industry.

- Sizes up to 12" Max
- Milling: Horizontal & Vertical
- In-House Fixture Toolroom
- ISO 9001:2015 Certified

#### Thoroughbred Plastics - Quick Turn Tooling & Injection Molded Assemblies

An excellent choice for plastic manufacturing with in-house tool building, assembly/fulfillment & a full range of injection molding services.

- Turnkey Solutions for Plastic Injection Molded Products
- Fulfillment Packout & Palletization To Specification
- In-House Mold Shop
- FDM Prototyping

#### Foster Electrical Assembly - Elevating Connections in Harnesses & Enclosure Assemblies

Custom solution manufacturer providing wire / cable harnesses and electrical enclosure assemblies. Partnering with our clients to offer end-to-end services in interconnect solutions.

- Low Volume/Prototype Up To Large Volume
- 100% Electrical Testing
- Automatic Wire Processing
- Semi-Automatic Wire Termination

#### AGS Technology - Unique Expertise in Certified, Reprocessed Injection Molded Material

AGS Technology produces high-performance custom injection molded products specializing in certified, reprocessed materials.

- Part Design to Production
- Plastic Regrind Feedstocks
- Certified Reprocessed Pellets End-Product
- IATF 16949: 2016 Certified

#### Midwest Prototyping - Innovative Cutting Edge 3D Printing Technologies

Leading on-demand digital manufacturer specializing in additive manufacturing allowing clients to streamline their design process, create an agile supply chain, & scale their business.

- SLA—Multiple Resins Available
- SLS Prototypes
- Cast Urethanes
- Fabrication & Machining

#### Global Polymer Industries - Molding Solutions For Difficult Manufacturing Engineering Problems

Creating the highest-quality, complex parts with UHMW-PE that provides characteristics that are superior to any other plastics.

- Compression Molded UHMW-PE
- In-House Mold Shop
- Mold Presses: 30 - 400 Tons
- ISO 9001:2015 Certified

#### Horizon Manufacturing Group, LLC - Rotomolding What Others Can't or Won't

Wisconsin-based rotational molder supplying a variety of markets. In-house tooling, design, fabrication & prototyping.

- Part Size Up To 120"
- In-House Tooling
- ISO 9001:2015 Certified
- EPA Certified For Fuel Tanks

#### Pegasus Retail Solutions - Providing Assembly & Fulfillment Solutions to the Retail Industry

Pegasus offers timely and high-quality retail store development and support services, tailored to the specific needs and goals of the client.

- Final Assembly
- Warehouse & Fulfillment
- Shipping & Logistics
- Corrugated Packaging

#### Iceberg Enterprises - Innovative Blow Molding Partner

Iceberg is an industry-leading manufacturer and distributor of folding tables, folding chairs, and custom blow-molded plastic products.

- Sizes Up To 110" X 60"
- Extrusion Blow Molded HDPE
- Dual Head & Single Head Capability
- Mold Machines: 3 - 80 Pounds

#### Wisconsin Plastic Products - Complex, Precision Profile Extruder

Industry leading facility providing highly engineered profile extrusions. In-house engineering support & die building capabilities.

- Co & Tri-Extrusion Profiles
- Vacuum Calibration
- Sizes To 24" Wide
- Meta-Plastic Specialty Co-Extrusion That Bonds Plastics To Metal Substrates
- Certified ISO & UL Components Supplier
